INDY JUNCTION 2022 CONVENTION

May 18-22, 2022

The Midwest, North Central, Mid Central Regions of the NMRA, and the Railroad Prototype Modelers (RPM) convention was held last month. There was a fair turnout of Michiana Division members attending INDY JUNCTION 2022. Lots and lots of clinics, too many to see them all were held from Wednesday thru Saturday. The RPM folks held clinics too that were very useful for modeling. Also included was a train show setup in two large rooms during Friday, Saturday and Sunday. And there were layouts setup everywhere in the conference area of the hotel which included a nice large T-TRAK layout in it's own room and a nice N-TRAK layout in the train show. The RPM room had large HO and N Scale layouts setup too.

A highlight from our Division was Rod Thomson's display, which he entered into the contest room. Rod took two awards, Display - BEST OF SHOW and Favorite Display - PEOPLES CHOICE. Look for more information and pictures of Rod's display in the July FORM-19 Newsletter.

The park is located on the north side of Valparaiso. From I-80/90 exit south on SR 49 at Chesterton, IN; then turn right at U.S. highway 6 (notice the Hospital on the right at the interchange), then turn left on Meridian Road, then about ¼ mile left into park. Pass the gatehouse and take the small drive immediately to the right. Follow the pavement until it ends. Parking is available on the grass next to the layout. The park opens at 10 AM Central and we meet briefly at the entry to the layout at 11 AM Central and enjoy a guided tour afterwards.
