Chuck will discuss the process of building the benchwork for his Pacific Central & Eastern layout. Related topics about getting started with your model railroad will also be presented.

This meeting is for both NMRA and non NMRA members where we will continue finding out what you are doing and what you would like to see presented at future meetings. Please invite your model railroad friends to attend. If you have a small project you are working on that you can bring to the meeting that would be great.
